The points raised are of some importance viz whether the Commercial section should be treated as an integral part of the I.S.C. staff or as quite distinct. The Director has to devote all his time and attention to the development of the numerous industrial schemes the staff has taken up. Moreover there is a great deal of work to be done in connection with new investigations and developments. He cannot therefore have much time to devote to Commercial questions. There is no doubt some force in the argument that in countries which are not very much advanced and which have no direct academic bent it is difficult to distinguish between industrial & commercial work and there is not much to be

claimed by drawing any land and fork line. At the same time it cannot be denied that the collection of information of commercial value publication of statistics and development of trade as distinguished from industrial production require the attention of specially trained men.

3 As the Companies Act has been recently introduced there is a great deal of preparatory work to be done in connection with the development of joint stock enterprise. The Registrar of Joint Stock Companies should have good knowledge of commercial law & also have sufficient staff

4 The matter may perhaps be considered at a meeting of Council

Proposal of the Director of Industries and Commerce to make the Commercial Section of the Deptt: as part and parcel of the Department of Industries and to have all correspondence with Government and other Heads of Departments concerned in the name of the Director.

8

In view of the importance of the commercial development in the State, Government considered it necessary to appoint a special officer for the place. In order that his work may be co-ordinated with that of the Department of Industries, they attached him to that Department and placed him under the administrative control of the Director of Industries and Commerce. What the Director of Industries and Commerce proposes now is that he should be made responsible for the commercial development and that the commercial section should be part and parcel of his office. If the Deputy or Assistant Director in charge of Commerce is made merely an office Assistant to the Director of Industries and Commerce, he will have no scope for originality or initiative. If the work of th Commercial Department is to develop rapidly, it is necessary that there should be a separate whole-time officer to give particular attention to it and it is also desirable that, as ordered by Government in paragraph 7 of th order dated 22nd February 1918, he should have full scop and independence in respect of his work, subject, howeve to the general administrative control of the Director of Industries and Commerce; and this he will not have, if h is merely an office Assistant to the Director of Industries and Commerce without power to carry on correspondence in his name with Heads of Department or to take the initiative himself in any matter without obtaining the orders of the Director. I am therefore of opinion that the arrangement sanctioned in Government Order dated

the 22nd February 1918 should be continued.

It may be said that so far, no tangible results have been achieved under this arrangement; but this is due to the dislocation of the work of the Department owing to the Deputy Director and the greater portion of his staff having been employed in connection with food control and food supply operations for a good part of the last year. The officers have, in fact, not had a fair chance given to them till now to show proper results. If they are given such a chance, and if after a year's trial, it is found that the arrangement is not working satisfactorily, we may then think of revising it.

What is Mr.K.H.Ramaiya's permanent place? If the appointment of Deputy Director is to be continued, is Mr. Ramaiya to be appointed for the place? There are points which may be considered if the Dep^y Director's appointment is to be continued.

FINAL NOTE BY THE FIRST MEMBER OF COUNCIL.

(11)

SUBJECT: Certain proposals relating to the re-organization of the Commercial Section of the Industries and Commerce Department.

Owing to the appointment of Mr. C. Ranganatha Rao Saheb as Private Secretary to the Dewan, the post of the Deputy Director of Commerce has become vacant. No final arrangements have been made, and Mr. K.H. Ramaiya, Assistant Director, has been put in charge of the Commercial Section. In this connection, the Director of Industries and Commerce has suggested that the arrangement under which the Commercial Section has been treated as an independent unit practically in the Department of Industries and Commerce may be reconsidered, as it is difficult to demarcate the work relating to the development of industries from that relating to the development of commerce and that it would be possible for him to show better results if the Commercial Section was constituted one of the main branches of the Department of Industries and Commerce and made fully subordinate to him.

2. The question whether the existing arrangement requires, or not, to be modified was considered at a meeting of the Council held on the 14th August 1919, and the Council are of opinion that the existing orders relating to the Commercial Section of the Industries and Commerce Department may remain unchanged.

3. The Commercial Section was organised, as it now stands, as it was felt that the Director of Industries and Commerce, who was primarily concerned with the work of industrial development, had neither the time nor the special knowledge required for dealing with intricate and delicate questions relating to Commerce, and as there were several important matters which could be taken up in connection

connection with the improvement of trade by the appointment of a separate officer, who could devote his entire attention to these important questions. This was considered necessary in order that the development of industries and trade may be attended to side by side. It was, however, felt that it was not desirable to make the Commercial Section entirely independent, both on grounds of economy as well as practical convenience, as the two being inter-connected, there was much advantage to be derived by a close association between the two Sections of work.

4. The Deputy Director of Commerce having been engaged for more than a year in attending to the organisation of food supply, supply of kerosine oil etc., he was not able to devote much attention to the commercial work proper and so the existing system cannot be considered to have received a fair trial. The Council are, therefore, of opinion that, for the present, the existing orders may be left unchanged. They are also of opinion that Mr. K.H. Ramaiya may be given a trial and appointed Deputy Director, sub pro tem, during the employment of Mr. Ranganatha Rao Saheb on other duty. The resolution of the Council may be graciously approved. A programme of work will be prescribed, from time to time, for the Deputy Director, and progress reports will be obtained and the work watched. In case the existing arrangements do not lead to satisfactory results, other arrangements will be suggested.

47/ Mr. K.H. Ramaiya, Deputy Director of Commerce, sub pro tem, has been pressing for the appointment of an Assistant Director and has asked for the services of Mr. Muddukrishnappa. The Department, prior to Mr. Ramaiya's appointment as Dy. Director consisted of Mr. C. Ranganatha Rao Saheb as Deputy Director of Commerce and Mr. Ramaiya as Assistant Director. The Department has a number of Probationers some of whom are now employed in connection with food control and will shortly return to the Department. The number of officers to be given to the Department must depend entirely upon the amount, and the extent, of the work that has to be done. At the present stage a great deal of preliminary work has to be done in connection with the collection of statistics, the Bureau of information and the Commercial Museum. The working of the Joint Stock Companies has also to be placed on a proper basis.

The Government Notification posting Mr. C. Ranganatha Rao Sahib as Private Secretary was received by me yesterday and he has since been relieved.

Mr. C. Ranganatha Rao Sahib was appointed as Deputy Director of Commerce by Government in September 1917 and later on he was also appointed as Registrar of Joint Stock Companies. At that time, certain --- correspondence passed between the Government and me regarding the relation of the Deputy Director with the other Heads of Departments, the Government and with me. I had clearly stated my case and had argued the necessity of treating the Commercial Section as an indivisible part of the Department. Mr. C. Ranganatha Rao Sahib had special qualifications and that may have -- been the reason why Government thought it fit to frame

Now that Mr. Ranganatha Rao Sahib has been transferred, I think the rules need modification. Bangalore.

SIR

With reference to Government Notification No: CB 69-18-1 dated 11. 7. 19 appointing Mr. C. Ranganatha Rao Sahib, Deputy Director of Commerce as Private Secretary to the Dewan Sahib, I have the honour to state that at the time of the constitution of the Commercial Section in September 1917, I expressed my opinion that this Section should be made an indivisible portion of the Department of Industries and Commerce and its work should form only a part of the Department. But it was thought then that by giving it a more independent status the work of the Section will develop rapidly but as a matter of fact it has not achieved any remarkable results. Without going deeply into the reason why, the fact remains that the Commercial Section has not done anything special till now. Industries and Commerce should go hand in hand and should not be separated. I beg to recommend once more that the Commercial Section be made part and parcel of the Department of Industries and that all correspondence with the Government and the other Heads of Departments be carried on in the name of the Director.

As regards the present staff, I would leave them for

X them

the present without any modification. I would however suggest that the Deputy Director's post need not be filled up as there is no need for such a highly paid officer and that the Assistant Director Mr. K. H. Ramaiah continue to carry on the present work under my instructions, with the aid of the Probationers. The question of enlarging the staff and the scope of work may be --- taken up later on.

I might add here that the Industries Commission have in their report in defining the functions of the Provincial Directors of Industries have stated that all such returns as are now being issued by the Commercial Section should be issued by the Director of Industries.

I have the honour therefore to request you to obtain Government orders to make (1) the Commercial Section a subordinate office of the Department, (2) Its designation changed to that of Bureau of Commercial and Industrial Information, (3) Mr. K. H. Ramiah the Assistant Director be in charge of the Bureau.

I have the honour to be,

Sir,

Your most obedient servant,

V Narayana Rao

SIR,

In continuation of my letter No.C.7 dated 16th July '19, I have the honour to state that as stated therein the work of the Commercial section should go hand in hand with that of the Industries section.

The work of the Department including the work of the Commercial section may be broadly classed under the following heads:-

(1) Investigating and granting Takavi Loans and erection of plants for private individuals.

(2) Management and maintenance of Demonstration Factories.

(3) Supervision and watching of State-aided industries.

(4) Establishment of Museums and Exhibitions.

(5) Investigation and working of new schemes.

(6) Publication of Statistics and Information.

(7) Publication of special Bulletins.

In each of the above main heads of work, work has got to be done partly by the Industrial section and partly by the Commercial section. To illustrate the above statement, I would like to

instance

instance the case of the Takavi Loans. The preliminary investigation as soon as a person applies for a loan is taken by the Industrial section and plans and estimates are got --- ready by this section and forwarded to the Commercial section for the investigation of the commercial aspect and then with the opinion of both sections is submitted to the Director for sanction. The actual erection is put in charge of the Industrial section. The Accounts section makes necessary payments and watch the recovery of the instalments as soon as they fall due, the Commercial section helping the private industrialists with necessary information in marketing their wares, etc. In the appended statement I have mentioned the work of each section under the several main heads mentioned as above. In this way all schemes have both their commercial and industrial aspects and it is therefore necessary that both the Commercial and Industrial Assistants must work together as part of one combined Department. I am afraid the present arrangement does not lead to that happy result.

To attain the best results for the above arrangement, I have the honour to suggest that the two offices be amalgamated so that the Director of Industries be assisted by the two Deputy Directors, one for Industries and the other for Commerce.

A very important part of the work of this office is the purchase of Stores and the Commercial section can in many cases render valuable help. I am therefore of opinion that if the two offices be really amalgamated into one, it will lead to greater co-ordination of work and the work of the Department will bear

closer

closer resemblance to a regular commercial organization.

I have the honour to be,

Sir,

your most obedient servant,

DIRECTOR.

Dear Sir

It is understood that you applied for the services of Mr. Muddukrishnappa being placed at the disposal of the -- Sringeri Jagir in April last. He could not however be spared at the time as he was employed in connection with food Control work. He is now no longer required for that work and before posting him to another department Government desire to ~~ascertain~~ whether His Holiness the Jagatguru is still desirous of taking him for the Jahgir In case his services are required I am to request the favour of your informing me very early whether the Jahgir will be prepared to pay him not less than Rs. 250-. and the usual pensionary and leave contribution.

Dear Sir,

In acknowledging receipt of your kind D. O. No. 925 C. B. dated 6th Instant, in re the proposed loan of the services of Mr. Muddukrishnappa to the Sringeri Jahgir, I beg to state that the communication reached my hands only a couple of days ago on my return to head-quarters from my recent inspection tour, though it was re-directed to me from here to my camp.

I placed the matter before His Holiness the Jagatguru who desires me to inform that His Holiness will be very glad to have the said Mr. Muddukrishnappa for service in the Jahgir if the Government are prepared to spare his services and if he is willing to serve the Jahgir. The Jahgirdar will also have no objection to pay him at not less than Rs. 250/- per mensem with the usual pensionary and leave contribution.

Begging to be excused for the short delay in replying in the matter,

I am,

Dear Sir,

Yours sincerely,
